

# NOTICE

To: All Texians

From: The president of the Republic of Texas

The people of the Republic of Texas are looking for committed Texians who realize the need and importance of taking on the responsibility of an office in the republic and in keeping their Oath before Almighty God and to the People of Texas. Officers of the Republic must be committed to attending all monthly meetings and conference calls when required.

If you do not have this commitment and if you have not yet taken your oath of office, please have the moral courage to support someone who will and withdraw from your office. It may not be the right time for you to serve.

Respectfully,

*Richard Everett Perkins*

President of the Republic of Texas
