

# The Republic's Star

Lyrics and music by shelly Cook  
Arranged and produced by Jimmy Kelley

Raise up your hearts and eyes and  
live your hopes and dreams so free.  
For in the Republic of Texas know  
your freedom is supreme.  
The star is bright, the truth is light  
for the course of man and God.  
The morning has come to see the star\_  
The Republic of Texas am I.

My heart has felt the freedom  
of the Spirit of the star.  
The Republic will show us the way  
and lead us home from bondage now.  
The star is bright, the truth is light  
for the course of man and God.  
The morning has come for freedom now\_  
for God's the Republic's star!

Raise up your hearts and eyes and  
live your hopes and dreams so free.  
For in the Republic of Texas know  
your freedom is supreme.  
The star is bright, the truth is light  
for the course of man and God.  
The morning has come to see the star\_  
The Republic of Texas am I.

For God's the Republic's star!
